MEDFORD, Feb. 6, 1864,

REPORT OF THE SELECTMEN,

FOR THE YEAR ENDING FEB. 1, 1864.

IN submitting our Annual Report to the Town, we hoped to be able to congratulate you on the return of peace to our distracted country; but Providence has otherwise ordered. Our victories in the field the past year, have been such as to encourage us in the hope, that ere another year shall pass away, we may all rejoice in a reunited and happy country. But to insure a result so desirable, demands of every citizen his most earnest co-operation in furnishing the Government with men and means for a vigorous prosecution of the war.

Early in the season the Town was called upon to furnish, by draft, sixty-four men; to obtain these ninety-six men were drawn, under the direction of the Provost Marshal at Lawrence, July 13th. Of this number one only reported for duty and is now in the service, viz.: —

GILBERT B. SHERMAN.

Nine furnished Substitutes: —

John S. Cotton
Albert Hamilton
Charles P. Lauriat
James Hedenburg
Alonzo E. Tainter

Luther F Brooks
Renslow Crosby
James B. Ewell
Edward P. Hooker

Seven Paid Commutation, \$300.00 each: —

FitzAlbert Morse
Charles W. Hathaway
George W. Parker
George L. Barr

James H. Allen
George W. W. Saville
John B. Cushing.

Eight did not Report —

Lyman F. W. Cushing, then in service.	George B. Hendee, error, no such
William H. White, " "	man in town.
Aaron Tucker, " "	George E. Peak, in the naval service.
Patrick Harrington, not to be found.	Samuel W. Joyce, then in service.
Joseph Despard, " "	

Seventy-one exempted from various causes —

George Miner	Walter Reardon
Wm. J. Bride	John Lahaen
Wm. F. Alden	Algernon W. Robinson
Sylvester Burrell	Charles L. Todd
Charles S. Jacobs, jr.	William Rhoades
Orlando W. Fiske	John Rogers
Charles Archibald	James W. Wilson
Wm. H. Davis	Benjamin P. Nichols
John F. Perkins	John F. Bachelder
Charles O. Eames	Kendrick Chapman
Howard E. Means	James M. Bride
Theodore L. Otis	Charles L. Randall
Oliver R. Wilkinson	Benjamin Walker
Thomas Morong	Frank M. Hamilton
Sanford Booker	Henry W. Richardson
Lewis Hartshorn	Francis A. Smith
Hugh McKenney	Myrick B. Butler
Wm. P. Stewart	William F. Cutter
George G. Wheeler	George H. Strong
Hosea B. Currier	Moses Coleman
Wm. J. Floyd	William Dickey, jr.
George S. Frost	Edward Fallow
Nicholas Quinn	John H. Haskell
Wm. J. Crooker	John S. McCorry
Nevins M. Fowle	Dennis Foley
Winslow W. Fifield	S. Albert Plummer
Samuel S. Teel	John H. Tainter
Geo. H. Hilliard	Joseph V. Kidder
Frederick T. Boaz	Daniel Enwright
John Collins	Maician S. Sealand
Thomas O. Hill	George W. Atwood
H. H. Pillsbury	William Conway
Horace C. Bowers	Eli F. Redman
Henry F. Bowers	Augustus Ewell
Charles Butters	Sylvanus W. Giles
William C. Haskins	

At a Town meeting held April 6, 1863, A. H. Butters, A. N. Cotton, Wm. B. Thomas, S. C. Lawrence, T. S. Harlow, John Vialle, Francis Brooks, John Stetson, George Curtis, H. D. Hall, D. W. Lawrence, and H. H. Gilmore, were chosen a Committee to make arrangements for the reception of the Medford Light Infantry, Capt. Currier, on their return from the war, having performed the nine months' service, for which they enlisted, in a manner honorable to their country, their town, and themselves, discharging every duty with fidelity and promptness.

At a meeting of the Committee, General Samuel C. Lawrence was chosen Chairman, and the following arrangements were made. On their arrival at the wharf in Boston, June 26th, the sick were furnished with carriages, those able to march proceeded to Charlestown, where they partook of a collation furnished by the hospitality of the city. They were then provided with conveyance to Pearl St., Medford, where they were received by the present and past officers of the Town, citizens and members of the Fire Department, escorted by the National Lancers, Capt. Slade, of Boston, who had, with a generosity characteristic of them, tendered their services for the occasion. After marching down Main St., to Ship St., through Pleasant, Washington, and Salem Streets, to the Town Hall, the company was formally received by General S. C. Lawrence, in behalf of the Town, which was responded to by Capt. Currier, in behalf of his company.

They were then invited to partake of a collation arranged by the ladies, after which they were dismissed, and the ceremonies of the day ended, we trust, to the mutual satisfaction of all concerned.

The liberality of the citizens in contributing money to defray expenses, and the assistance rendered by the ladies in arranging the tables, were most gratifying to the Committee.

As a matter of interest, we submit an extract of a letter received from Capt. Hutchins, Co. C, 39th Regt., dated Jan. 4, 1864. Whole number belonging to the company eighty-four; present for duty, forty-four, as follows:—

Present for duty :—

C. W. Hanson, 1st Lieut., transferred from Co. E, Dec. 7, 1863.	Joel M. Fletcher, Corporal,
O. A. Barker, 2d Lieut., promoted from Hospital Steward and assigned to Co. C, Dec. 7, 1863.	Meltiah O. Clapp, “
Samuel M. Stevens, 1st Sergeant,	Emery W. Ramsdell, “
Samuel H. Turner, “	Isaac T. Morrison, “
	Royal S. Carr, “
	Rodney C. Hathaway, “
	Charles E. Dyer, Musician,

Edwin F. Kenrick, Musician,
 Hezekiah C. Ellis
 Charles H. Ballou
 William S. Barker, jr.
 John S. Beck
 James Bierne
 Benjamin M. Briggs
 Stephen Busha
 Owen Coughlin
 Frank J. Curtis
 Benjamin P. Cutter
 Benjamin J. Ellis
 Thomas M. Fletcher
 A. L. B. Gill
 Patrick Gleason
 William Harding
 Henry R. Hathaway
 Edwin Ireland

Henry A. Ireland, jr.
 Alfred Joyce
 O. V. Litchfield
 Robert Livingston
 J. A. Manning
 Peter D. Meston
 T. O. H. Mitchell
 William H. Northey
 Charles H. Richardson
 Franklin Richardson
 George J. Rugg
 Aaron Tucker, jr.
 Edward Ireland
 William A. Walker
 Jophanus Whitney
 Milton F. Roberts
 John H. Simpson

On detached service:—

John H. Fames, detached to guard Conscripts to their place of desti- nation.	T. H. Gillard, on Ambulance Corps.
Albert F. Dow, detached on Ambu- lance Corps.	W. D. Holbrook, in Engineers' Corps at Washington, D. C.
Charles Q. Alley, detached at Bri- gade Commissary.	James A. Hervey, Clerk at Division Head-Quarters.
Wm. H. Blanchard, on Ambulance Corps.	Samuel C. Jepson, Clerk at Brigade Head-Quarters.
Nelson Hathaway, as Guard to Am- munition Train.	Henry H. Tyler, as Cook for Quar- termaster.
	E. F. Crockett, Clerk at Division Head-Quarters.

Sick and in Hospital:—

Capt. John Hutchins, sick in Division Hospital since Dec. 28, 1863.	Geo. A. Churchill, sick in General Hospital, at Alexandria, Va., since Oct. 23.
H. H. D. Cushing, sick in Division Hospital, at Culpepper, Va., since Nov. 24.	Moses C. Hoyt, sick in Division Hos- pital, at Alexandria, Va., since Oct. 23.
George D. Booker, sick in General Hospital, at Alexandria, Va., since Oct. 23.	J. L. Clapp, sick at Washington.
D. A. Barnard, sick in General Hos- pital, at Alexandria, Va., since Oct. 23.	J. M. Cushing, sick at Division Hos- pital, on light duty.
	Edward Goodale, sick at General Hospital, Washington, D. C.

E. B. Hartshorn, sick at General Hospital, Washington, D. C.	Wm. H. Rogers, sick at Division Hospital, Washington, D. C.
Henry S. Joyce, sick at General Hospital, Washington, D. C.	Wm. Southworth, sick at General Hospital, Washington, D. C.
Winslow Joyce, sick at General Hospital, Washington, D. C.	James Thompson, sick at General Hospital, Washington, D. C.
C. C. Kendrick, sick at General Hospital, Washington, D. C.	Augustus Tufts, sick at Division Hospital, Washington, D. C.
Alvin W. Osborn, sick at General Hospital, Washington, D. C.	Lemuel Webb, sick at Division Hospital, Washington, D. C.

Wounded in battle : —

Benjamin H. Dow, slightly wounded at Minnie Run.

Discharged : —

Perry Colman, Nov. 12, 1863.

George W. Gage, Dec. 15, 1863.

Transferred : —

Isaac F. R. Hosca, transferred to Co. E, Dec. 5, 1863

Missing : —

Charles H. Coolidge, since Dec. 12.

Henry C. Currell, since Dec. 12.

Died : —

George H. Champlin, Jan. 4, 1863.

In addition to the foregoing, the following deaths have occurred in this and other regiments : —

Charles H. Coolidge, Co. C, 39th Regt., reported to have died in Hospital, Richmond, Va.

Richard W. Cheslyn, Co. D, 1st Cavalry, killed at the battle of Aldie, June 7, 1863.

Samuel W. Joyce, Co. C, 39th Regt., died in hospital, July 20, 1863.

Stephen Harding, Co. F, 5th Regt., died at Newbern, June 17, 1863.

James Stetson, 13th Regt., died at Gettysburg, July 3, 1863.

Joseph P. Hubbell, Co. C, 39th Regt., died at Washington, 1863.

We think some action should be taken, by the town, to perpetuate the memory of those who have fallen, or may hereafter fall, in defence of our Union.

We would recommend that a Committee be appointed to consider and report some plan for this purpose.

Oct. 17, 1863, the President again called for 300,000 men, by voluntary enlistment; forty-eight of that number was assigned as the quota of Medford.

At a Town meeting held on the 3d day of November, E. Boynton, jr., D. W. Lawrence, and Charles Currier, were chosen a Committee to aid the Selectmen in raising the number of men required. A recruiting-office was opened in the Committee Room, in Town House, and every means used in their power, assisted by a Committee appointed by the enrolled men, with material aid furnished by the citizens of the Town.

The following persons have enlisted to date Feb 1st, 1864:—

Calvin W. Willis	Cornelius Murphy
Michael O'Connel	Abraham Waters
Lyman W. Lee	James McCloud
George D. Herriott	James M. Powers
Dennis Barrett	Thomas James
Francis E. Haskell	William Cheney
Ramond de Masserano	Stillman Rich
William S. Delancey	Alvarez E. Richardson
James Driscoll	O. B. Darling
Peter S. Cooper	Mortier Gale
Lewis Awes	Richard Wall
James P. Keen	James N. Hudson
John Johnson	William Davis
Samuel Staples	Hollis H. Willey
Jeremiah Shannon	Frank B. Smith
Francis West	William H. White

And we feel confident that by the first of March, we shall obtain the number required.

STATE AID.

In disbursing State Aid we have thought proper to continue the very liberal policy adopted by our predecessors, feeling confident that the Town would willingly assume whatever amount the State refuses to refund.

By the account as audited by the State Auditor of last year, it is apparent that the State will only refund the amount which the law in its strictest construction allows.

We would therefore recommend that the Town authorize the Selectmen to pay whatever in their judgment is necessary for the support of families of volunteers, without regard to what the State may allow.

Amount appropriated for State Aid,

\$16,000 00

Amount of State Aid paid to Jan. 1st, 1864,	\$12,761 87
" " " charged to the State,	12,615 37

Leaving a balance paid by the Town,	\$146 50
-------------------------------------	----------

Which may be increased when the account is audited by the State Auditor.

Our payment for January was \$700.

We would recommend an appropriation of \$12,000 for the ensuing year.

Of the sum of \$300, placed in the hands of the Selectmen for additional aid to families of volunteers, we have expended \$81.79. We think the same amount should be appropriated for the current year.

BRIDGES AND STREET LAMPS.

Amount of appropriation,	\$475 00
" expended for bridges,	3 51
" " street lamps,	465 62

It will be necessary to replank some, if not all, of the bridges this year, no repairs having been made the past year.

We would recommend an appropriation, for bridges,	\$300 00
For street lamps,	500 00

Applications have been made during the year by citizens whose residences are contiguous to the line of gas-pipe, to be allowed to put up lamp-posts at their own expense, the Town to pay for the gas consumed. We recommend that the Selectmen be authorized to grant permission whenever, in their judgment, it would be for the interest of the public.

LOCK-UP.

The condition of the lock-up is as good as can be expected in its present location, which is entirely unfit for the purpose, and we would suggest that some action be taken by the town to procure a more suitable place.

OAK GROVE CEMETERY.

Received from sale of five lots,	\$130 00
----------------------------------	----------

For improvements in cemetery see report of Special Committee, appointed at March meeting, with an appropriation of \$700 for that purpose.

DOG LAW.

Number of dogs licensed, 176.

Amount collected for licenses,	\$184 00	
“ less Town Clerk’s fees,	17 60	
	<hr/>	\$166 40
Fines,		10 00
		<hr/>
		\$176 40

We have paid for damages done by dogs —

To Barney McManus,	\$11 25	
“ Mrs. Newcomb,	9 00	
“ L. F. Botsford,	15 00	
“ F. A. Lander,	6 00	
“ William McNamara,	8 00	
“ John Cuniff,	10 00	
“ Evans Cushing,	30 00	
	<hr/>	89 25
Balance in treasury,		<hr/>
		\$87 15

BY-LAWS.

Agreeable to vote of the Town, in March last, a printed copy of the by-laws has been distributed to every family in town.

RAILROAD CROSSINGS.

As instructed by the town we petitioned the Legislature to alter the law relating to crossings at grade, which resulted in leave to withdraw.

The case of D. C. Hall for reimbursement of taxes was heard before the County Commissioners, and a verdict rendered for the Town.

The petition of T. Hollis, jr., and others, to the Legislature, to be set off from Medford and annexed to Somerville resulted in leave to withdraw.

HYDRANTS AND RESERVOIRS.

Arrangements have been made with the Water Commissioners of Charlestown for hydrants and reservoirs, located as follows: —

Reservoir at crossing on	High Street.
“	“ River “
“	“ South “

Hydrant at crossing on College Street.

" on private way belonging to Geo. E. Adams.

" at crossing on Harvard Street.

" " Craigie "

" at junction Main Street.

Then at intervals of five hundred feet to Somerville line.

LIQUOR AGENCY.

Mr. J. N. Gibbs very reluctantly consented to take the agency, and only did so when it was ascertained that no suitable person could be found so conveniently located.

We believe he has discharged this very delicate duty in a most faithful and conscientious manner.

The following report is submitted by him:—

Amount of liquors on hand Feb. 1, 1863,	\$300 00
" sales, Feb. 1, 1863, to Feb. 1, 1864,	479 00
" cash on hand Feb. 1, 1862,	11 98
	<hr/> \$790 98
Amount of purchases, as per bills to date,	400 24
" liquors on hand Feb. 1, 1864,	300 00
One year's salary,	100 00
	<hr/> 800 24

TAXES.

During the year the Town has been called upon to pay \$47.40, costs, on a tax of \$4.55 on the same lots of land taxed twice and sold at auction. Also other bills arising from errors in taxation or description of property. We think more care should be taken in future to avoid this useless waste of money.

COMMITTEE ROOMS.

Agreeable to a vote of the Town, we have made such alterations as seemed to us desirable for the accommodation of Town officers, by enlarging the Selectmen's room and the one occupied by the Loan Fund, connecting the two by folding-doors. This, we think, will afford ample room for the Town officers at present.

Your Committee are happy to report that the Schools, during the past year, have fully sustained their former reputation. The teachers have faithfully performed their tasks, and have shown commendable results of their toil. Our aim is to secure the best teachers, and retain the servicers of none who prove themselves unfitted for their position.

* Seven months from June 1st.

EXAMINATIONS AND EXHIBITIONS.

The first examinations were made in the month of July, by printed questions, and were confined, as usual, to the High School, and the higher classes of the Grammar Schools. The annual exhibitions were then attended by the whole Board and a large number of friends. At the close of these was an exhibition of the High School, in the Town Hall. At this exhibition a class of seven — two young gentlemen and five young ladies — received, through the Chairman of the Board certificates showing that they had completed the prescribed course of studies pursued in the High School, and with this testimony were honorably dismissed. This pleasant feature we hope to continue in future similar exhibitions. The re-

cent examinations of the schools in January were attended and conducted by the Board, and proved, on the whole, satisfactory.

CHANGES.

It was recommended in the report of last year, to establish a new Grammar School, in the Cradock Schoolhouse, for which purpose, as well as the furnishing of a room for another Primary School, said building has been enlarged by the addition of a new wing. The immediate necessity for this was seen in the fact that a large proportion of the scholars heretofore attending the Centre Grammar School, in the High School building, resided in the Cradock district; and it was also desirable that school accommodations should be brought nearer to those residing in the vicinity of Winter Hill and Willow Bridge.

It is proper, in this connection, to remark, that a petition was received from those residing near the above-named localities, to establish a school in their neighborhood. The committee, considering the small number of scholars of all ages, who would attend such a school, judged it best not to establish it at present. The subject of an additional Grammar School is also postponed; and to meet the necessity which has been referred to, the Centre Grammar School has been transferred to the Cradock Schoolhouse, and now bears the name of the Cradock Grammar School. As the room formerly occupied by this school is still vacant, the wisdom of recommending the providing of a new room might be questioned. On this point we would say that it was absolutely necessary that a room should be furnished for another Primary School, in the Cradock district. For this purpose the schoolhouse in said district must be enlarged, which could not be done without adding other rooms, which would ultimately be required for a Grammar School. Furthermore, it had become necessary to refurnish the Centre Grammar School room, the expense of which was spared, by furnishing instead the new rooms in the Cradock building.

The necessity may arise, during the year, of establishing a Branch Grammar School, in the Centre Grammar School room, for which an appropriation is desired.

During the past year the following changes of teachers have taken place. The Principal of the Brooks Grammar School, Miss E. P. Winning, resigned early in the year, and was succeeded by Miss Sarah A. Fales. The Principal of the Centre, now Cradock Grammar School, Mr. Geo. R. Bradford, whose success for the past six years has been a source of

gratification to the Committee and the Town, resigned in the month of October, and was succeeded by Mr. Chas. A. Horne, who also recently resigned, and his place is now filled by Mr. Samuel C. Hunt. Miss Mary C. Hayden, Principal of the Osgood Primary School, resigned in November, and Miss Hattie O. Emery fills her place.

A new Primary School was established in the Cradock district early in June, which occupied temporarily the hall of the engine-house, on Union Street, and at the commencement of the fall term, was placed in its new schoolroom in the Cradock building. This school is under the care of Miss Addie E. Deane.

TEXT-BOOKS.

The following is the list of text-books used in the different schools, —

HIGH SCHOOL. — FIRST CLASS.

Loomis' Geometry, Quackenbos' Rhetoric, Burritt's Geography of the Heavens, Le Brun's *Télémaque*, Virgil, American First Class Book.

SECOND CLASS.

Wells' Chemistry, Cutter's Physiology, Otto's Conversation Grammar (French), Andrews' Latin Reader, American First Class Book.

THIRD CLASS.

Sherwin's Algebra, Weld's Parsing Book, Parker's Natural Philosophy, Williams' Constitution of the U. S., Quackenbos' Rhetoric, American First Class Book, Andrews & Stoddards' Latin Grammar, Andrews' Latin Reader.

FOURTH CLASS.

Green's Analysis, Robinson's Progressive Arithmetic, Worcester's History, Mayhew's Bookkeeping, Sargent's Fifth Reader.

TEXT-BOOK IN MUSIC.

American Vocalist.

GRAMMAR SCHOOLS. — FIRST CLASS.

Sargent's Fifth Reader, Greene's Elements of English Grammar, Robinson's Progressive Arithmetic, Colburn's Lessons, Cornell's Common School Geography.

SECOND CLASS.

Sargent's Fourth Reader, Greene's Elements of English Grammar, Robinson's Progressive Arithmetic, Colburn's Lessons, Cornell's Common School Geography.

THIRD CLASS.

Sargent's Fourth Reader, Robinson's Progressive Arithmetic, Colburn's Lessons, Cornell's Common School Geography.

FOURTH CLASS.

Sargent's Third Reader, Robinson's Progressive Arithmetic, Colburn's Lessons, Cornell's Common School Geography.

TEXT-BOOK IN MUSIC.

Golden Wreath.

INTERMEDIATE SCHOOLS. — FIRST CLASS.

Sargent's Third Reader, Colburn's Arithmetic, Cornell's Primary School Geography.

SECOND CLASS.

Sargent's Second Reader, Colburn's Arithmetic, Cornell's Primary School Geography.

THIRD CLASS.

Sargent's Second Reader, Colburn's Arithmetic, Cornell's Primary School Geography.

PRIMARY SCHOOLS. — FIRST CLASS.

Sargent's Second Reader, Robinson's Primary Arithmetic.

SECOND AND THIRD CLASSES.

Sargent's First Reader.

FOURTH CLASS.

Sargent's Standard Primer.

In accordance with a Statute Law, the children of *indigent parents* are furnished with the necessary school-books by the Town; and *others*, who do not furnish books for their children, will have them furnished for them, by order of the School Committee, the *expense* of which will be added to their *taxes*.

This will explain some of the charges in the account of Mr. Gibbs.

RULES AND REGULATIONS.

The Committee have taken pains to revise the rules and regulations of the schools, a list of which is herewith transmitted.

TEACHERS.

SECT. 1. All Teachers are required to make themselves acquainted with these regulations, and to devote themselves to their duties.

2. All the schoolrooms shall be opened, and the Principals

and Assistants shall be present, both morning and afternoon, fifteen minutes before the time fixed for the session to begin; and the pupils shall be in their seats, and the exercises of the schools shall commence and close punctually at the prescribed hours. Every pupil entering the school after the hour of opening, whether bringing an excuse or not, shall be considered tardy, and so marked in the Register. The bell shall be rung five minutes before the hour of opening.

3. The Teachers are requested to open their schools by reading a portion of the Bible, and then repeating the Lord's Prayer. Once a week the Ten Commandments shall be repeated, either by one pupil or by a class, or by the whole school in concert.

4. The Teachers, in each schoolhouse, are required to give all their female pupils a recess together, and to give a recess, at a different time, to all their male pupils.

5. No teacher shall, upon any pretence whatever, be absent from the school under his or her charge, without permission from the Special Committee, who may procure a substitute for the absent Teacher, and decide upon the compensation to be paid such substitute.

6. No Teacher shall be allowed to change the hours of keeping school, or to begin or dismiss school at any other time than that appointed by the Committee, without special permission. All the schools, except the High School, shall keep two sessions. The morning session shall commence at nine o'clock, through the year; and the afternoon session, from the first of April until the first of November, at two o'clock, and through the rest of the year at half-past one.

7. Teachers shall give such oral instruction as will enable their pupils to obtain a clear comprehension of their lessons. Thoroughness to be always a primary object. It is recommended that lessons in "Object Teaching" be given every morning and afternoon in each Primary School, and twice a week in each Intermediate School.

8. In all the schools in which Assistants are employed the Principal shall be recognized as the head of the school, and all his directions, not inconsistent with these regulations, shall be obeyed by the Assistant.

9. The Teachers shall practise such discipline in their schools as would be exercised by a judicious parent in a family, and shall avoid corporal punishment in all cases where good order can be preserved by milder means; but when corporal punishment shall be deemed necessary, it may be resorted to, and a record thereof, with the cause of punishment, shall be made, and kept for examination.

Teachers shall, as far as practicable, exercise a general

supervision over their pupils while going to school and returning home.

10. For violent opposition or open rebellion, the Teacher may dismiss the pupil from school, and shall then immediately inform the parent or guardian of such pupil, and on the same day shall apply to the Special Committee for advice and direction.

11. When the example of any pupil is very injurious to the welfare of the school, and in all cases where reformation appears hopeless, it shall be the duty of the Teacher, with the approbation of the Special Committee, to suspend such pupil from the school. But any pupil, under this public censure, who shall have expressed to the Teacher his or her sorrow for such misconduct, as publicly and explicitly as the nature of the case may require, shall, with the consent of the Committee, be reinstated in school, with all its privileges.

12. When pupils have failed to learn the lessons assigned them, the Teacher may detain them after school-hours, not exceeding twenty minutes, provided the Teacher remains with the pupils so detained, but not otherwise.

13. It shall be the duty of the Teachers to send down to a lower class all such pupils as, from repeated absences or any other cause, are unable to sustain the average standing of their class, and, when sufficiently prepared for the change, pupils may be promoted to higher classes.

14. All Teachers are required to obey faithfully the following statute of the Commonwealth (v. Rev. Stat. Chap. xxiii., Sect. 7): "It shall be the duty of all instructors of youth to exert their best endeavors to impress on the minds of children and youth committed to their care and instruction, the principles of piety, justice, and a sacred regard to truth, love to their country, humanity, and universal benevolence, sobriety, industry, and frugality, chastity, moderation, and temperance, and those other virtues which are the ornament of human society, and the basis upon which a republican constitution is founded. And it shall be the duty of such instructors to endeavor to lead their pupils, as their ages and capacities will admit, into a clear understanding of the tendency of the above-mentioned virtues, to preserve and perfect a republican constitution, and to secure the blessings of liberty, as well as to promote their future happiness, and also to point out to them the evil tendency of the opposite vices." It is recommended to each Teacher to adopt such a systematic course of instruction in Christian morals as shall secure the great objects contemplated in the above statute. "Hall's Manual of Morals for Schools," Cowdrey's and "Wayland's

Moral Science for Schools," are books which may be used as aids or class-books.

In all schools of the same grade the corresponding classes shall pursue simultaneously the same studies from the same text-books.

15. The Principal of the High School and the Principals of the Grammar Schools are required to hear the recitations of the third and fourth classes in their respective schools as often as once a fortnight, and said Principals shall be responsible for the conduct and progress of said classes.

16. Each Teacher in every school shall keep a *Register*, in which shall be recorded the names, ages, dates of admission and places of residence of the pupils. In addition to this register, other records shall be kept, in which shall be entered the daily absence of the pupils, and such notes of their class exercises as may exhibit a view of their advancement and standing. At the end of every quarter a record of the relative rank of each pupil, except those in the Primary Schools, shall be sent to the Committee by their Teachers.

17. Any Teacher may visit, once in three months, any of the public schools of the Town, for the purpose of observing the modes of instruction and discipline, having previously announced such visit to the Special Committee.

18. No Teacher shall dismiss a pupil before the appointed time for dismissing the school, except in case of sickness or some pressing emergency, or a written request signed by the parent or guardian of such pupil, and every dismissal, from any cause, shall be recorded in the Register and reported to the Committee.

19. Teachers are especially required to attend to the proper ventilation of their schoolrooms, changing the air in them at every recess, and at the close of each session. Physical and gymnastic exercises are urgently recommended for every school.

20. The Teachers are required to see that the schoolhouses, and all property belonging to them, under their respective control, are not in any manner defaced or injured by the pupils, or other persons; and they shall personally examine the schoolhouses and outbuildings as often as may be necessary, to inform themselves of their condition, and report the same to the Committee.

21. Each Teacher is required to see that the door of his or her schoolhouse, and the gates leading thereto, are locked, on leaving the premises at night.

22. Teachers are requested to keep in their possession a key to their room or rooms; and they shall keep said rooms locked during their absence, except when otherwise ordered.

23. The Rules and Regulations shall be read aloud by the Teacher in each school once in six months.

PUPILS.

24. No child shall be admitted into any of the public schools without a permit from the Special Committee of the district in which the child resides; and no child shall be entitled to receive such permit until satisfactory evidence be given that such child has been vaccinated, or otherwise secured against the small-pox. If the Special Committee be absent, any other member of the Board may grant admission.

25. No pupils shall be allowed to retain their connection with the public schools, unless they are furnished with the books and utensils required to be used in the respective classes.

26. Every pupil shall be required to attend school as constantly as possible, and, in case of tardiness or absence, to furnish to the Teacher satisfactory evidence that such tardiness or absence was indispensably necessary. Providential detention shall be the only excuse for tardiness. Prompt obedience to the Teacher is required from every pupil.

27. Whenever any pupil shall have been absent from the High, Grammar, or Intermediate school four successive days, it shall be the duty of the Teacher to give immediate notice to the parents of such pupil, and said pupil may, at the discretion of the Teacher, be suspended from school, to be again admitted only upon a written permit, signed by the Special Committee. In keeping the record of absences, children suspended from school shall not be reckoned after the expiration of the four days. All other absences shall be recorded and reported.

28. Every pupil shall be allowed a recess of ten minutes in each half-day, for recreation in the open air.

29. No pupil may leave the school-grounds during recess.

30. When the schools are dismissed, the pupils are required to depart immediately from the vicinity of the school-houses; and they are not permitted to use the grounds about the schoolhouses for a play-ground at any time, except during recess.

31. If any child shall come to the schoolhouse in a filthy condition, such child shall be sent home to be cleansed.

32. No pupil shall be admitted to the privileges of one school, who has been expelled from another, except by a vote of the Committee.

33. Any pupil who is guilty of marking, cutting, defacing, or in any way injuring any of the schoolhouses or the out-buildings, or the trees belonging to them, shall subject his or

her parent or guardian to the payment of all damages thus done,—the amount to be determined by the Committee; and shall also be liable to such other punishment as the circumstances of the case shall demand.

34. All pupils are strictly forbidden to climb on any tree, fence, railing, ladder, etc., about the schoolhouse; or to leave whittlings or other rubbish in the play-grounds; or to throw stones, snow-balls, or other missiles, about the neighborhood of the schoolhouse; or to use any profane or indelicate language.

TRANSFERS.

35. All pupils, to be transferred from the Primary to the Intermediate School, must have a familiar knowledge of the elements of reading, such as the sounds of letters; also a knowledge of the punctuation-marks which occur in their lessons, of the abbreviations, Italic letters, Roman and Arabic numbers.

36. All pupils, to be transferred from the Intermediate to the Grammar School, must be familiar with the elements of reading, be able to spell promptly from the speller and their reading-books, to give the sounds of the letters, to read correctly from their highest class-book; must have a thorough knowledge of their manual in arithmetic, and the first ten sections of Colburn's Mental Arithmetic; must be able, in geography, to give the definitions, describe the grand divisions of the globe, with their principal physical features; also the subdivisions of the United States. Some proficiency in drawing maps on the slate and blackboard will be required.

37. Candidates for admission to the High School, must be able to read fluently and understandingly any lesson in their reading-books, and be familiarly acquainted with the elementary principles of reading; must have a thorough knowledge of the sounds of the language, also of spelling and enunciation, and of the definitions of the words in their reading-books. They must pass a satisfactory examination in all the parts of grammar and geography; and in arithmetic they must have a thorough knowledge of the four simple and compound rules, vulgar and decimal fractions, interest and simple proportion.

38. The examinations for transfers shall be made by the entire Committee, and shall take place at the close of the annual examinations. Examinations for transfers from the Grammar Schools to the High School shall be made by the printed questions used for the examinations in July, and only those pupils shall be admitted who answer correctly the percentage of questions, announced by the Committee at the commencement of the year.

MISCELLANY.

39. The school year shall begin at the expiration of the summer vacation, and shall end on the last Friday in July.

40. The annual examination of all the schools shall be made at the close of the school year, in part orally, and in part by printed questions. The semi-annual examination shall be made in January of each year.

41. At the close of the annual examination, the Committee shall give marks of approbation, in each school, to such pupils as they shall judge, *all things considered*, to be the most meritorious.

Examinations in music shall be made semi-annually; and at the examinations in July marks of approbation shall be given to the most deserving.

42. The books used and studies pursued in all the schools shall be such, and such only, as shall be authorized by the Committee.

43. Pupils not supplied with the requisite books shall be furnished with a certificate to that effect by the Teacher, addressed to the Committee, designating the kind needed; and the Committee shall take measures to supply the same. The Teachers shall in no case furnish the pupils with books, except by request of the parents of such pupils, and at their expense.

44. The duties of each steward of the different school-houses shall be as follows: To sweep all the rooms and basements twice every week; to clean the house; washing the floors and windows thoroughly twice each year, viz., in vacation-week in May and November; to wash and clean the water-closets as often as necessary; to shovel the snow, and keep the paths open in winter; to keep the gates closed and locked when the school is not in session; to report forthwith to the Teacher and Special Committee any injuries done to the schoolhouse, outbuildings, trees, or fences; to kindle the fires, sift the coal, and burn the cinders; to take the general care and superintendence of the schoolhouse, to the satisfaction of the Committee. No extra payment shall be allowed for any of the above duties.

45. Writing shall be introduced into the first and the second classes of the Intermediate Schools.

46. Each pupil in the Primary School *may*, and each one in the Intermediate School *shall*, be provided with a slate, and shall employ the time not otherwise occupied in drawing, and in writing words from their lessons. The letters of the alphabet should be written rather than printed.

HOLIDAYS AND VACATIONS.

47. Every Wednesday and Saturday afternoon; the annual Fast; the Fourth of July; the First of January; the Seventeenth of June; Christmas-day; Thanksgiving week; the last week in February; the last week in May; and at least four weeks in summer, beginning on the Monday succeeding the last Friday in July.

HIGH SCHOOL.

The rare advantages afforded by the High School, the Committee are sorry to say, are withheld from many who most need to enjoy them. Too often lads of a tender age are taken from the wholesome restraints and pleasant influences of school life to engage in mercantile and mechanical pursuits. While many of the studies pursued in the High School are claimed as being of little use to those designing to enter upon these pursuits, a more liberal view of the subject would, we think, lead to a different conclusion. The mind of every one, in its formative period, needs not only those moral influences which shape the future character, but those which cultivate and enrich all the mental faculties. These include the taste, the imagination, as well as the faculty of reasoning. What are called ornamental branches are no less useful than those which monopolize the term useful. We find ornament everywhere. Nature reveals to us an unending array of beauty. "Strength and beauty are in His sanctuary" whose home is the universe. If use and beauty are thus combined in the works of God, are they not both necessary in the education and life of his creatures. A little knowledge of ancient and modern languages, the higher mathematics, physiology, rhetoric, intellectual and moral philosophy, is by no means "a dangerous thing" even to him who devotes a lifetime to the labor of his hands, or to the business of the merchant. Such knowledge, in the true view of the case, pays, and pays well. A lifetime reveals a gain instead of a loss. Near at hand may be the time when our towns shall offer in their public schools advantages of intellectual culture approaching far nearer than they now do the magnitude of those offered by higher institutions of learning.

Let not the pursuit of wealth or personal emolument divert attention from the enterprise of the scholar. More attention should be paid to learning in a country like this, whose many undeveloped resources, and whose wide fields, containing "pearls of great price," are inviting us to gather their treasures.

ures. Let not the quickened interest of freemen, in the progress of our American civilization, exceed that which regards the interests of learning and science.

Last year the Committee based the qualifications of candidates for the High School upon the results of the examination by printed questions. Twenty-four questions were given to each pupil, of which at least *thirteen* correct answers were required. Next year the number of questions will be twenty-five, distributed as follows: Arithmetic, six; grammar, seven; geography, six; history, six; of which correct answers will be required, in grammar, five; geography, four; arithmetic and history, three each.

Though a larger number than usual would be likely to fail of admission on these terms, still the incentive to excellence in scholarship in the Grammar Schools would be made greater, and a decided advantage would accrue to the High School. It is also the design of the Committee; in some way that may yet seem best, to require an additional progress in the studies of the Grammar Schools, that a similar advance may be made in the High School.

MUSIC.

The introduction of Music into the schools, as a branch of instruction, still proves successful. The labors of Mr. Carey are highly appreciated by the scholars; and the hour of his weekly appointment is anticipated with eager delight. But time alone will show the ultimate advantages to be derived from this department of instruction. Eight years devoted to weekly lessons in Music, which is the full time that a single scholar may enjoy such advantages in our schools, will accomplish much in his individual training. The science of Music thus early and thoroughly taught will, of course, be more widely understood and appreciated. The moral influence of Music as a study, and that associated with other studies in school, should by no means be forgotten. Pleasant memories will be revived through life by the never-forgotten songs of the schoolroom. Children cannot be too early taught to sing; and being thus early taught, an additional charm is given to the pleasures of childhood.

OBJECT TEACHING.

This new species of instruction the Committee have recommended as an occasional exercise in the Intermediate and Primary Schools. A little experience has proved it to be not only a source of valuable information to the young pupil, but

a means of pleasant diversion. Continual, uninterrupted hard study, without the motives of riper years, should not at once be required of little children. Let, then, a limited amount be required in the early days of school life; and let every profitable means which serves to make the schoolroom a pleasant resort be invented and used. Object Teaching has its advantages in this respect. It teaches *ideas* and *things*, not mere *words*. By its aid the child sketches, as it were, his knowledge, as the artist does his pictures, from nature and life.

PHYSICAL EXERCISES.

These have long been practised in our lower grades of schools, but have recently been introduced into two of our schools of a higher grade. The advantages of such exercises are numerous. To say nothing of the impulse which they give to physical culture, they afford an agreeable relief to the body during the tedious confinement of school hours. The practice of making children, and especially little children, "*keep still*" in school is not only an *old* fashion, but never, we hope, to be a *new* one. The living body was never made to keep still, until it lies down to its last sleep. The order of the schoolroom is one thing, that of the graveyard is another.

MORAL DISCIPLINE.

In the multiplicity of topics suggested by this report, the last, but by no means least, which we shall introduce, is that of Moral Discipline. Instruction in morals we hold to be more essential than that in any other branch of knowledge. The chief responsibility of this branch of instruction rests with those whose business it is to preach the gospel of Christ. and unfold the principles of Christianity, which embrace "all the law and the prophets."

But a grand means of instruction in morals is the discipline of life. We find among us three principal sources of moral discipline — national government, the family, and the school. If a strict discipline is not maintained by these agencies, we may well despair of any great good resulting from the imparting of the mere theory of morals and religion. The discipline of our youth is that of the *home* and the *schoolroom*. If this is properly administered we need have no fears of the *government*, and we may entertain the most cheerful hope concerning that kingdom "which ruleth over all."

While the School Committee have no authority over the parents of the children intrusted to their supervision and

care, still we need their friendly co-operation, in order to establish in the character and life of the rising generation the principles of morality. Without wholesome *home* discipline we cannot have perfect discipline in the *school*. The parent is responsible for the regular and punctual attendance of his children at the public school. He should in every way co-operate with the teacher and the School Committee. No mistaken affection for his child should lead him to be a party with that child against the teacher. In this way much injury has been done. Too much evil has already sprung up from the readiness with which the mere reports of children have been made the basis of complaint against the teacher. In almost every case of this kind, when an investigation has been made by the School Committee, it has been proved that the *teacher* was right and the *scholar* and his *parents* wrong.

We do not mean to say that our teachers are infallible. We have no evidence that they are more than human; but we mean to affirm that children are not the best judges of school discipline, nor the most disinterested reporters of school matters, and that parents are *sometimes* hasty in judgment, without proper evidence. "A word to the wise is sufficient."

The earnest co-operation of the parent with the teacher will effect a great deal in the work of moral and school discipline. If obedience is inculcated and enforced at home, it will be an easy matter to enforce it in school. If, also, a good example is set by parents and older friends out of school, children are ready imitators, and would soon profit by such example.

Many, we fear, have been too ready to charge the profanity, falsehood, irreverence, and other species of immorality, too prevalent in this Town, upon the teachers of our schools. But so far is this from being the case, that we believe that they have done all they could to promote a pure morality, and, at least, they should not be made wholly responsible for the morals of the Town.

Still it is our earnest desire and purpose to have the schools of this Town governed by strict disciplinarians, and to have exemplified in them the true principles of moral discipline. In this way much can be done to prepare the youth for the honors, privileges, and duties of the citizen. In this way the cause of education and good government is promoted. In this way, too, the moral discipline of life is effectually aided.

Your Committee recommend the appropriation of the following sums, for defraying the expenses of our schools for the year ensuing: —

For salaries of Teachers,	\$8000 00
" Stewardship,	550 00
" Fuel,	600 00
" Repairs and incidental expenses,	700 00
" Music,	250 00
" Painting Brooks and Everett Schoolhouses,	400 00
	<hr/>
	\$10,500 00

CHARLES BROOKS, CHARLES S. JACOBS, JOHN S. BARRY, GEORGE M. PRESTON, ALVAH N. COTTON, ELEAZAR BOYNTON, JR.,	} <i>School Committee.</i>
--	----------------------------

REPORT

OF THE

LIBRARY COMMITTEE.

IN the estimation of your Committee, the ends for which the Library was established have, for the past year, been accomplished in an eminent degree.

More persons have taken books than in any preceding year; and the whole number of volumes charged has been, by actual count, thirteen thousand five hundred.

Two hundred and five volumes have been added, of which seven were the donation of Miss Helen Bigelow, and two the gift of Charles Monroe, Esq.; and, since the mere use of the Library affords ample remuneration for all the money expended on its account, it is clearly evident that this increase is so much net gain to the property of the town.

The number of volumes now registered is about two thousand eight hundred and seventy-five (2875), and constitutes, as we believe, no insignificant attraction to those who are seeking a residence in this favored town.

On account of the very high price of books, your Committee have endeavored, though at much expense of time, to purchase only the more choice works, and such, with few exceptions, as were wanted for immediate and constant circulation.

The receipts for the year have been as follows:—

Balance from former account,	\$47 37
Amount appropriated by the Town,	350 00
Interest on Tufts Donation,	30 00
One hundred and eight Catalogues sold,	21 60
Fines,	10 71
	\$459 68

The expenditures have been as follows:—

For books,	\$184 18	
" salary of Librarian,	100 00	
" rent,	75 00	
" light and fuel,	14 40	
" covering-paper,	5 51	
" materials for repairing books,	2 93	
" sundries,	33	
	<hr/>	382 35

Which leaves a balance in our hands of \$77 33

We recommend for the ensuing year the usual appropriation of three hundred and fifty dollars.

All of which is respectfully submitted.

PETER C. HALL,)
 CHAS. CUMMINGS, } *Library Committee.*
 T. T. FOWLER,)

REPORT

OF THE

ENGINEERS OF THE FIRE DEPARTMENT.

THE undersigned Board of Engineers respectfully submit the following Report:—

There are now six Reservoirs in town, located as follows: One on Park Street, two on Salem Street, one at the junction of Salem and Washington Streets, one on Main Street, near Brooks Place, and one on Ship Street, near the Union Store, so called, — all of which are in good condition.

The Town Pump is in good working order.

The department has been called out to fires, during the past year, eight times, as follows:—

1863.	LOSS.
Aug. 1. Barn, belonging to the estate of S. Vining,	\$300 00
" 5. Barn, " M. Riley, on Ship St.,	75 00
" 19. Haystack, " M. Martin, on South St.,	30 00
Oct. 6. Hay, on South Street,	10 00
Novr. 5. Barn and house, belonging to S. Tufts, on } South Street, } 500 00	
Shed, belonging to J. Perkins, South St., }	
Decr. 8. House, " S. Kay, " "	150 00
" 17. Wait House, on Main Street,	
1864.	
Jany. 12. Barn and contents, belonging to J. E. Hill, on South Street,	350 00
	<hr/>
	\$1415 00

Also, three times by alarms of fires out of town.

The whole amount of money drawn from the Treasury for the support of the department for the year ending February 1, 1864, is as follows:—

For ordinary expenses,	\$2765 78
“ incidental, “	186 23
	<hr/>
	\$2952 01
Outstanding demands, about	200 00
	<hr/>
	\$3152 01

STATISTICS OF THE DEPARTMENT.

STEAM ENGINE NO. 1.

House on Ship Street, in same building with railroad locomotive. A. K. P. Libbey, Engineer; Heman Allen, Assistant Engineer and Steward.

The Engine and apparatus is in good order, having been recently repaired. She is supplied with five hosemen from Mystic Hose Co.

GOVERNOR BROOKS ENGINE NO. 1.

Is kept as a Reserve Tub. She is in working order. The house on Union Street is in good condition, having been repaired the past year. Charles L. Randall, Steward.

WASHINGTON ENGINE NO. 3.

House on Park Street. Fifty-four members.

Joseph W. Mitchell, Foreman	George E. Fifield
Elijah Sampson, 1st Asst.	Augustus Ewell
Luther F. Brooks, 2d Asst.	John Pennell
Saml. N. Sylvester, Treasurer	Greenleaf Hanscomb
Alonzo Joyce, Clerk	James Gillard
Charles O. Eames, Steward	Stephen Smith
Alvah N. Cotton	Orville Young
Alfred Ells	Alexander G. Ells
Charles W. Jaquith	Benjamin A. Hersey
Daniel T. Tucker	Asa Law,
James Pierce	Henry Richardson
William Whelpley	Benj. D. Holmes

Henry McIntosh
 Freeman A. Loring
 George R. Holmes
 John R. Dow
 Oscar F. Shepardson
 William Carter
 Arthur G. Loring
 Myrick B. Butler
 Japhet Shegman
 Charles E. Joyce
 Alonzo Milliken
 James H. Archibald
 Joseph Richards.
 John Brown
 William Fifield

Eli F. Redman
 Joseph A. Richardson
 William F. Alden
 Lemuel P. Lawrence
 Henry B. Jacobs
 John Kaulbeck
 Judson Walker
 Eugene A. Bacon
 Simeon Dow
 Ebenezer B. Matthews
 Lewis H. Keene
 Albert Curtis
 C. F. Childs
 Charles R. Drew, jr.
 W. W. Clark

The Engine and apparatus are in good working order, and the house is in good condition, having been repaired the past year.

HOOK AND LADDER CARRIAGE.

House on High Street, in same building with Hose Carriage. Twenty-four members.

Geo. L. Barr, Foreman & Treas.	George H. Randall
D. W. Lawrence, Asst. Foreman	Henry H. Gilmore
Chas. W. Moore, Clerk	Charles S. Jacobs, jr.
Andrew. L. Perkins, Steward	Henry F. Moore
George Nichols	William J. Floyd
Amory P. Hartshorn	Amos K. Hemphill
Wm. H. Simonds	Horace D. Hall
Abner J. Emerson	Joseph V. Litchfield
Lewis Keene	Dudley Bond
George T. Goodwin	Everett Newhall
William Wyman	Elbridge G. Currell
Charles L. Randall	John D. Small

The Carriage, Hooks, Ladders, and other apparatus are all in good order, and the House is in good repair.

MYSTIC HOSE COMPANY NO. 1.

House on High Street, in same building with Hook and Ladder Carriage. Eighteen members.

Geo. W. W. Saville, Foreman	Edwin C. Holmes
Gordon Hayden, 1st Assistant Foreman	Benjamin Peterson
Thomas O. Hill, 2d Assistant Foreman and Steward	A. W. Robinson
P. E. Teschemacher, Clerk and Treasurer	John A. Smith
Mitchel Aiel	F. D. H. Thomas

The Carriage and apparatus are in good order.

Engine "J. Q. Adams" is housed with Engine No. 1, on Union Street. She has been used for watering three ships the past year. She has earned a net income of \$24.75.

The Engineers return their sincere thanks to the members of the Department for the very prompt and efficient manner in which they have performed their duty during the past year.

We would recommend that the Town build two Reservoirs the current year,—one on Forest Street, and one at West Medford, the expense of which will probably be about \$800. We would recommend that the members of the department be paid the same as last year,—viz., fifteen dollars and poll tax,—they to pay all their expenses, except Steward's services, and repairs on Engines, Engine Houses, Hose Carriage and Hose, and Hook and Ladder apparatus. We would also recommend that the sum of \$3000 be appropriated for the support of the department the ensuing year.

In consequence of the Treasurer's books not being closed on the first day of February, as they were last year, we include the expenses of the Department for fifteen months.

REPORT

OF THE

OVERSEERS OF THE POOR.

IN submitting our Report of the condition and expense of this department for the year, we are pleased to report that, considering the large increase in price of every article of subsistence, the result will compare favorably with any previous year. It is true that this department has rendered less assistance to the Highway Department this year than it did last year, yet the material and creditable improvements on the farm will more than counterbalance it. The inmates of the Almshouse are as comfortable and happy as an institution of the kind can make them, being under the immediate care of Mr. and Mrs. James T. White, who are entitled to much praise for their creditable manner of exercising the three prime requisites in an Almshouse; viz., *cleanliness, kindness, and economy*. The present number of inmates is fourteen, the average for the year having been fifteen; three have died; viz., Z. Shedd, Thomas Debbins, Catherine Tazzard. We believe the farm, under a wise and energetic administration, will prove a good investment to the Town. Mr. White has conducted it wisely and well, evincing rare qualifications for the duties of his position.

We have rendered partial support to eighteen families outside the Almshouse this year, and rendered temporary assistance to two hundred and thirty (230) wayfarers. We are gratified to see that while there is a large increase of travel by every other mode of conveyance, this line of travel is becoming unpopular. In the following statement of the expense of this department, two hundred and seventy dollars seventy-six cents (\$270.76) was paid for debts contracted for, and should have been included in the expense of last year. There are

no outstanding debts against this department, we believe, and there is a balance due us from the town of Stoneham, to which we refer our successors.

It cannot be expected that the affairs of this department will be more wisely managed the coming than they have been the present year, therefore we would recommend that the sum of *twenty-five hundred dollars* be appropriated to defray the expense of this department.

R E P O R T

OF

HIGHWAY SURVEYORS.

OWING to the insufficient appropriation of the preceding year, and a very mild and open winter, the Highway Surveyors, on assuming the charge submitted to them, found it necessary to expend in March and April, to much disadvantage, nearly one-half the appropriation, to save the Town from being prosecuted, the roads in many places being nearly impassable to loaded teams.

The amount expended this year, though somewhat in excess of the appropriation, has by no means been sufficient to affect that "extensive repairing" prophesied by the retiring Board last year.

So desirable a result we have failed to accomplish, for the simple yet potent reason, that the Town has no material accessible, without costing fourfold more than it should. The attention of the Town has been repeatedly called to the necessity of some action, whereby a supply of gravel can be obtained for the Highways, but the recommendations have been unheeded, and will be probably till the depletion of the Treasury teaches them the wisdom of such action. We urge this for the consideration of the Town, for such negligence has cost the Town this year certainly twenty per cent of its appropriation, and we submit it as a question too vital to be trifled with any longer.

It is evident that the Highway Surveyors have for a long time had an abiding faith in field-stone as a suitable material for road-structure, and, suffering from want of gravel, the road presents an uneven and jolting surface.

We hope this stone-mania is over, and that the Town will provide such material that the rough places may be made smooth.

For a few years past the Tufts heirs have generously allowed the Surveyors to excavate valuable road material from a bluff on the northerly side of Winter Hill, but having effected a division of the estate, the said bluff falls in possession of George F. Tufts, who agrees to guarantee to the Town the full right to remove all, or any part thereof, within three years next ensuing, if the Town will accept so much of Dexter Street as lies between Main and Medford Streets, being some forty rods in length. We recommend the Town to accept of the offer, for it is valuable material, and will subject the Town to but little expense.

We have exceeded the appropriation \$796.79, being compelled to pay fifty per cent more for labor than it could be obtained for the year previous, when the Highway Department received considerable assistance from the Almshouse Department which this year has been quite small.

At your annual meeting in March last, you very wisely appointed a Committee to construct and arrange in the Town House a suitable place to deposit and arrange the contents of the safe in said building. But in that pathway of duty they have thus far been guided by *sight* only, for at this late day there is no suitable, accessible place for either the Board of Overseers of the Poor or Highway Surveyors to deposit their books, blanks, etc., subjecting them to an annoyance this year, that we hope will not be imposed on our successors. We regret the necessity that compels us to complain; but it moves us to see the growing *want* of appreciation of the honors the Town lavishes so freely.

In using the appropriations generously made by the Town, the Surveyors have preferred, as far as possible, to expend the moneys entrusted them in constructing culverts, and making improvements of a permanent kind, rather than use the money in other ways, under circumstances so disadvantageous to the Town.

In doing so, it is barely possible that we may have erred; but experience will teach any one who evinces half the disposition to *investigate* that he does to complain that the money has been wisely expended.

We would recommend an appropriation of \$4000 to defray the expenses of this department the coming year.

REPORT

OF THE

TOWN TREASURER.

At the commencement of the financial year which has just closed, there was cash in Treasury \$14,807 69. Said sum being insufficient to meet the current expenses of the Town, it became necessary to borrow money, in anticipation of taxes. I, therefore, with the approval of the Selectmen, borrowed, temporarily, the several sums of two, three, and four thousand dollars, which were promptly paid when the first instalment from the collector was received.

By a vote of the Town at the last annual March meeting, the Treasurer was authorized to borrow the sum of \$10,000 for a term of five years, to pay the temporary loan at the Eagle Bank. Not readily finding the money at as low rate of interest as was desirable, it was thought best to let it remain in the Eagle Bank, on call, two weeks' notice. On the 4th Dec. last, the President of the Bank called for the money, and as there was a surplus in the Treasury, I paid it, with the approval of the Selectmen.

At a previous Town meeting, the Treasurer was instructed to foreclose the mortgage and take possession of the Real Estate called the Poorhouse lot, sold to T. P. Smith. Agreeably to said note I did, on the 10th day of January, 1863, take possession of said property, and have collected rent monthly.

It has been the custom for the Overseers of the Poor and Surveyors of Highways to draw from the Treasury sums of money, as they required, to defray the expenses of said departments, and give their receipts for the same, with no other security. Such practice, in my judgment, is wrong, and will be discontinued, unless specially authorized by the Town.

A note for \$10,000 will be due to the Warren Institution for Savings, October 6th, 1864, and it becomes necessary for the Town to take action in relation to the payment of the same.

There are several small notes against the Town, which, in my judgment, would be a benefit to the Town if said notes were consolidated, and I would recommend that the Treasurer be authorized to borrow a sufficient sum for a term of years to pay said notes, as they have become very much worn and will have to be renewed if not paid.

For a correct statement of the finances of the Town I will refer to the Report of the Auditing Committee.

I have received from the Treasurer of the Commonwealth the past year about \$12,000, in soldiers' allotments, and have paid out the same, which has greatly increased the already enhanced responsibilities of the Treasurer.

All of which is respectfully submitted.

GEO. B. GREEN, *Town Treasurer.*

MEDFORD, Feb. 1, 1864.

Number of inhabitants in Medford, according to the
United States census for 1860, 4842

Number of children in Medford between the ages of
5 and 15 years, in May, 1863, 1090

Number of Dog Licenses issued during the year, 176.
Amount received for the same, \$184 00
Less Clerk's fees, ten cents each on 176 licenses, 17 60

Paid into the Treasury, \$166 40

Respectfully submitted,

JOSEPH P. HALL, *Town Clerk.*

MEDFORD, Feb. 1, 1864.

REPORT

OF THE

BOARD OF ASSESSORS.

Your Board would respectfully suggest for the consideration of our successors in office, that they should decrease the valuation on Real Estate, which we think may be done gradually, from year to year, thereby lessening our State and County Tax, which we believe to be larger in proportion than in other towns.

In regard to Suspended and Abated Taxes your Board reported at the Town meeting held November 3d, 1863, that they had examined them for the past twenty years and reported the amount for each year, which amounted in the aggregate to \$1743.30, suggesting that the Town take some action in the matter, which Report was recommitted with instructions that we should recommend some action for the Town to take.

We would therefore recommend to abate all taxes up to the year 1855 as we do not believe any of them will ever be collected.

Total value of Real Estate,	\$3,369,587 00
" " Personal Estate,	2,094,937 00
<hr/>	
Total valuation,	5,464,524 00
Total Tax for State, County, and Town purposes,	71,030 42
Rate of taxation \$12.60 on \$1000.	
No. of inhabitants United States Census, 1860,	4842
" " " " " 1855,	4605
<hr/>	
Gain in five years,	237

No. of Acres of Land taxed,	5120
" Dwelling-Houses,	779
" Polls,	1130
" Voters,	844
" Horses,	310
" Cows,	209

All of which is respectfully submitted.

(Signed)

ATWOOD LITCHFIELD, JR., } *Assessors.*

MEDFORD, Feb. 1864.

R E P O R T

OF THE

AUDITING COMMITTEE.

THE Committee appointed by the Town to examine the accounts of the Treasurer, and prepare a statement of the general condition of the financial affairs of the Town, would respectfully report that we have examined the accounts of the Treasurer, from Feb. 1st, 1863, to Feb. 1st, 1864, and find them correctly entered, cast, and properly vouched; also the accounts of the several departments of the Town, attended with their vouchers, all of which are on file, and placed with Town Records for future reference. We notice, in this connection, the irregular manner in which some of the vouchers of the Highway Department are receipted. We think they should be signed by the person receiving the money.

The statement of the aggregate expenses, as compared with the appropriation of the past year, is as follows:—

PUBLIC SCHOOLS.

Amount appropriated,	\$10,200 00
“ expended,	10,869 81
	<hr/>
More than appropriation,	\$669 81

ADDITION TO CRADOCK SCHOOLHOUSE.

Amount appropriated,	4000 00
“ expended,	4244 59
	<hr/>
More than appropriation,	244 59

FIRE DEPARTMENT.

Amount appropriated,	\$2500 00	
" expended,	2952 01	
	<hr/>	
More than appropriation,		\$452 01

POOR AND ALMS HOUSE.

Amount appropriated,	2500 00	
" expended,	3073 77	
	<hr/>	
More than appropriation,		573 77

HIGHWAYS.

Amount appropriated,	3300 00	
" expended,	4581 15	
	<hr/>	
More than appropriation,		1281 15

BRIDGES.

Amount appropriated,	150 00	
" expended,	3 51	
	<hr/>	
Less than appropriation,		146 49

STREET LAMPS.

Amount appropriated,	325 00	
" expended,	465 62	
	<hr/>	
More than appropriation,		140 62

SALARIES AND FEES.

Amount appropriated,	2500 00	
" expended,	2357 48	
	<hr/>	
Less than appropriation,		142 52

OAK GROVE CEMETERY.

Amount appropriated,	700 00	
" expended,	170 14	
	<hr/>	
Less than appropriation,		529 86

TOWN LIBRARY.

Amount appropriated,	350 00	
" expended,	350 00	

STATE AID.

Amount appropriated,	\$16,000 00	
“ expended,	12,704 51	
	<hr/>	
Less than appropriation,		\$3295 49

ADDITIONAL AID.

Amount appropriated,	300 00	
“ expended,	81 79	
	<hr/>	
Less than appropriation,		218 21

INTEREST ON TOWN DEBT.

Amount appropriated,	4350 00	
“ expended,	4407 66	
	<hr/>	
More than appropriation,		57 66

MISCELLANEOUS ACCOUNTS.

Amount appropriated,	2000 00	
“ expended,	1702 32	
	<hr/>	
Less than appropriation,		297 68

DISCOUNT ON TAXES.

Amount appropriated,	1800 00	
“ of discount,	1986 92	
	<hr/>	
More than appropriation,		186 92

ABATEMENTS AND SUSPENSIONS OF TAXES.

Amount appropriated,	800 00	
“ abated and suspended,	1909 71	
	<hr/>	
More than appropriation,		1109 71
Total amount appropriated,	51,775 00	
“ “ expended,	51,860 99	
	<hr/>	
More than appropriation,		85 99

The excess of expenditure in the Fire Department is accounted for by including one quarter's bills contracted in 1862, which were not reckoned in last year's account.

A Town note for \$10,000 to the Warren Institution for Savings will become due on the 6th day of October next, and we

would recommend that the sum of \$10,000 be raised by taxation to pay said note, and that the demand notes, due sundry persons, amounting to \$2800, be paid from the funds already in the Treasury.

It gives us pleasure to notice a reduction in the Town Debt by the payment to the Eagle Bank of the temporary loan of \$10,000 from the Treasury, it being unnecessary to make a permanent loan for that amount as was voted, the Town having been reimbursed by the State in the sum of \$6,448.65, being the amount of Military Bounty paid by the Town more than was apportioned as its share by the State.

From the reports submitted, and from information derived from other sources, it will be expedient to make the following appropriations for the ensuing year:—

Public Schools,	\$10,500 00
Fire Department,	3,000 00
Two Reservoirs,	800 00
Poor and Almshouse,	2,500 00
Highways,	4,000 00
Bridges,	300 00
Street Lamps,	500 00
Salaries and Fees,	2,500 00
Oak Grove Cemetery,	400 00
Town Library,	350 00
Interest on Town Debt,	3,800 00
Discount on Taxes, paid prior to Aug.	
1st, 1864,	1,500 00
Miscellaneous Accounts,	1,800 00
State Aid,	12,000 00
Additional Aid,	300 00
Payment of note to Warren Institution	
for Savings due Oct. 6th, 1864,	10,000 00
	<hr/>
	\$54,250 00

And we recommend that the sum of \$50,000 be raised by taxation, believing that with the large amount in the Treasury, this sum will be sufficient to meet these appropriations.

All of which is respectfully submitted.
